## Have You Herd?

"I tried my sample of **ULTIMATE**™ shampoo and was totally amazed with the dirt that was rolling off in the suds on a relatively clean Palamino. I saved the **WHITE KNIGHT**™ for the white mane, tail and legs. It leaves the whitest white, almost iridescent with one washing. I have never used a product that works so well or rinses so well. I have been washing horses all my life and I am so sold on these products!"
